Vice Principal Message

Dear parents, children and well-wishers,

I feel honoured to be a part of Oaktree Kidz International school, family and serve in my new role as Vice Principal. I am here to support the students, teachers and the school community.

There is nothing that compares to a new fresh start ! anticipation, excitement, anxiety and relief are few of the emotions that we all experience during the beginning of your brand-new academic school year. The realities of school today are unique and challenging. We at Oaktree Kidz stand strong towards building a strong sense of community, inspiring teachers and commitment to character. We would prepare our students to become strong participants and leaders in the world community.

I foresee a better future of the children in this institution and with the cooperation of the parents we can take our students to a great new height. I wish all the best to our staff and children. Let us make the difference in the world.

Mrs Neeraja

GRANDPARENTS are a delightful blend of laughter, caring deeds, wonderful stories and love. It doesn't seem right that there is just one Grandparents Day when we make every day feel like Grandchild's Day. Sending love to the best Grandpa and Grandma around.

BACHUPALLY INAUGURATION

THEME ASSEMBLY

Assemblies may help students hone her public speaking skills and eliminate their stage fright. A morning assembly is one of the easiest ways to achieve compete and active participation from students. Usually, students refrain from voluntarily participating in class activities, but an all-school assembly is where they can not run away from participation. Oaktree Kidz is giving them time to experience the fun of participation, here are our special assemblies which we conducted in this month.

World Animal Welfare day

International day for the Eradication of Poverty

MEDLEY OF ACTIVITIES

Activity-based learning or ABL describes a range of pedagogical approaches to teaching. It's core premises include the requirement that learning should be based on doing some hands-on experiments and activities
