ENGLISH

HOD MESSAGE

Dear Students, Parents, and Guardians,

Welcome to another edition of our school newsletter! As the head of the English Department, I am excited to share with you some highlights and updates from our department.

We believe that communication is essential for success in today's world, and language is the key to communication. Our program is designed to help students become confident and effective communicators in all areas of life.

Our experienced teachers use a variety of resources and teaching methods to make learning English enjoyable and enriching. Our curriculum is rigorous and challenging, and we encourage parents to support their children's language education by providing opportunities for reading, writing, and speaking English at home.

We want our students to become proficient in English, which is critical to their future success. We are committed to providing a comprehensive and engaging program that equips our students with the skills they need to read, write, speak, and listen effectively.

P Swathi

Field trips are powerful learning experiences but it is easy for them to pass quickly. Educational field are some of the most memorable and enriching educational events that students will experience in their school careers.

PARENT

TESTIMONIALS

Keval Langaliya

My Son Studied there in Pear class under Radha Madam

It was a very smooth experience and the staff is always courteous.

The class strength is 20 so all students get a proper care.

My son Siddhant was getting a more special care as he was a crying baby for 50% duration.

I never saw teacher or aya madam getting frustrated or yelling at children.

I will surely recommend the school considering the personal care it puts into.

HAPPY Birthday
