International School  
*Such a unique and caring School*

**Make parent  
communication  
quick and easy!!**

**W**elcome to the 2<sup>nd</sup> issue of “The Oaktree Kidz International School” for the Academic year 2022-23. A time to pause, reflect and recuperate the academic year....

A new academic year is all set to begin with students filled with enthusiasm and energy. It is a thrill to have them as a member of the incredible learning community and bear a commitment to educational success.

This academic year will surely be one of progress and achievement for all of us. Thank you to all parents and guardians for assisting in the preparation of their children for the first day of school, as this will have a big impact on making each day success.

### Message from Principal

The development of decent and happy people must be the primary goal of schools, especially at a time when an increasing proportion of children may be experiencing emotional pain. We should be the next generation of educators, specifically prepared to teach values and happiness strategies . We educate our kids with the little secrets to happiness. Education should play an important part in encouraging young people to be happy. The happiest society is one in each everyone is happy, and we are happy to be part of it.

Excellent school in Chandanagar area, Principal sir Babu is very humble person listens to parents and provides the excellent guidance for kids education. All the teaching staff are competent , well mannered and humble and they take care of my kid with utmost attention. I am very happy to be associated with this school and my kid enjoys going to school. I recommend this school for all other people who want quality education and utmost care.
