MATH HOD

Mathematics is more than formulas and numbers—it's a powerful tool for understanding the world around us. It teaches us how to recognize patterns, solve problems, and think critically.

At Oaktree kidz, we strive to instill in our students a curiosity and enthusiasm for math. Our approach combines interactive learning, hands-on activities, and real-world applications, making math both engaging and meaningful. We aim to show that mathematics is not just a subject in school, but a skill set that can be used to navigate life's challenges with logic and creativity.

I am excited to embark on another year of exploration with you all. Together, we will make discoveries, overcome challenges, and develop a lasting appreciation for the beauty of mathematics. Let's make this year a journey of growth and achievement!

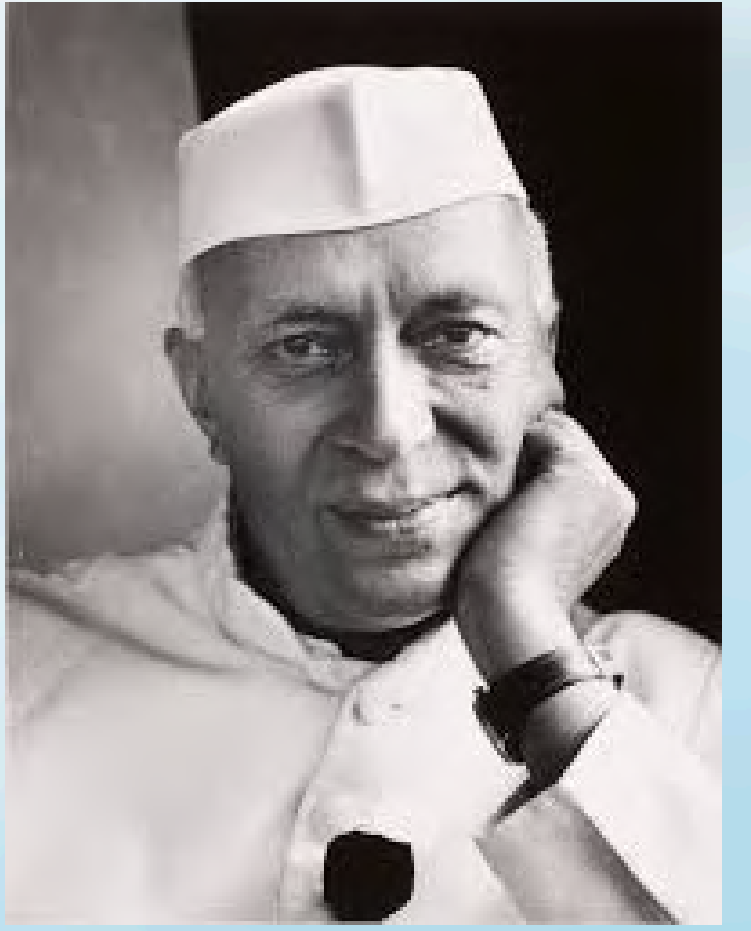

Thank you!

Sudha Lakshmi

Children's Day

On this very special day, Let us all celebrate the innocence and purity of our kids.

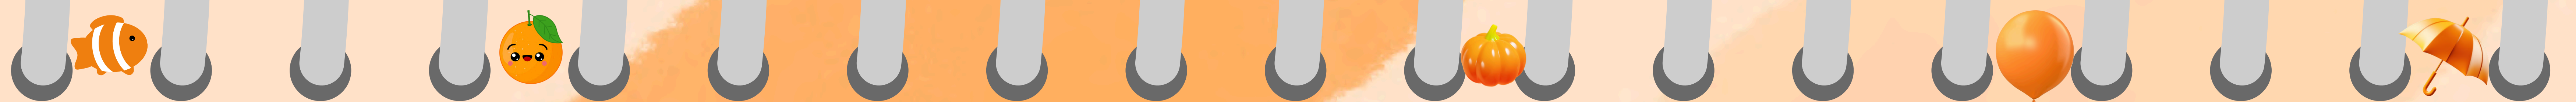

range C oLOUR Day

Orange is the happiest colour..It is the colour of positive thinking and optimism.It strengthens our emotional body,encouraging a general feeling of joy, well-being and cheerfulness...Here our Oaktree kidz children celebrated Orange colour day with lot of fun and happiness
